

Broil King®

2021 EUROPE COLLECTION

OUR DEDICATION TO BUILD THE VERY BEST IN QUALITY AND PERFORMANCE REFLECTS ON OUR EXCEPTIONAL TEAM RIGHT HERE WHO MAKE THEM

Our story began in 1906, with a vision of quality and desire for excellence. Since the beginning of our manufacturing days, our family strives for performance, durability and great experiences with all of our products. One hundred and fifteen years later, our passion remains the same; to build lasting relationships with our customers by providing quality products backed with great service.

Broil King® is committed to producing quality grills for performance, durability and great flavour. With manufacturing facilities in Huntington, Indiana, Dickson, Tennessee, and Waterloo, Ontario, we are able to design, manufacture and distribute North American made grills in over 50 countries.

Our vision for the future is plain and simple; "Great Barbecues Every Time". We know that for you to have a great barbecue in your back garden, it relies on a great barbecue built by a family owned and operated company. We invite and welcome you to be a part of our Broil King® family.

DESIGNED, ENGINEERED AND TESTED FOR GREAT BARBECUE FLAVOUR

Every Broil King® gas grill is designed and built to deliver great barbecue flavour. Broil King's Performance Grilling Technology (PGT) is a cooking system that is designed and engineered to vapourize food juices at multiple points of contact and deliver barbecue flavour every time you grill. From the overall design of the cookbox, to the integration of how the cooking grids, Flav-r-wave and burners work as a grilling system, Broil King® is a premium quality performance barbecue.

ULTRA DURABLE COOK BOX AMAZING HEAT RETENTION

Made from die-cast aluminum and high grade stainless steel, these durable cook boxes provide excellent heat retention and long lasting durability. The cook box is designed to ensure even heat and heat retention for precise control.

TRAPS THE HEAT INSIDE

Controlled in flow of cold air and designed to trap the heat inside (lid up or down) and circulate heat for even cooking results.

MORE MATERIAL ULTIMATE FLAVOUR.

More material in the bottom of a Broil King® casting means cold air isn't pulled in when the lid is open, so the chef has more control for low and slow temperatures or lid open for high heat searing. The extra material also means more vaporization of juices for ultimate flavour.

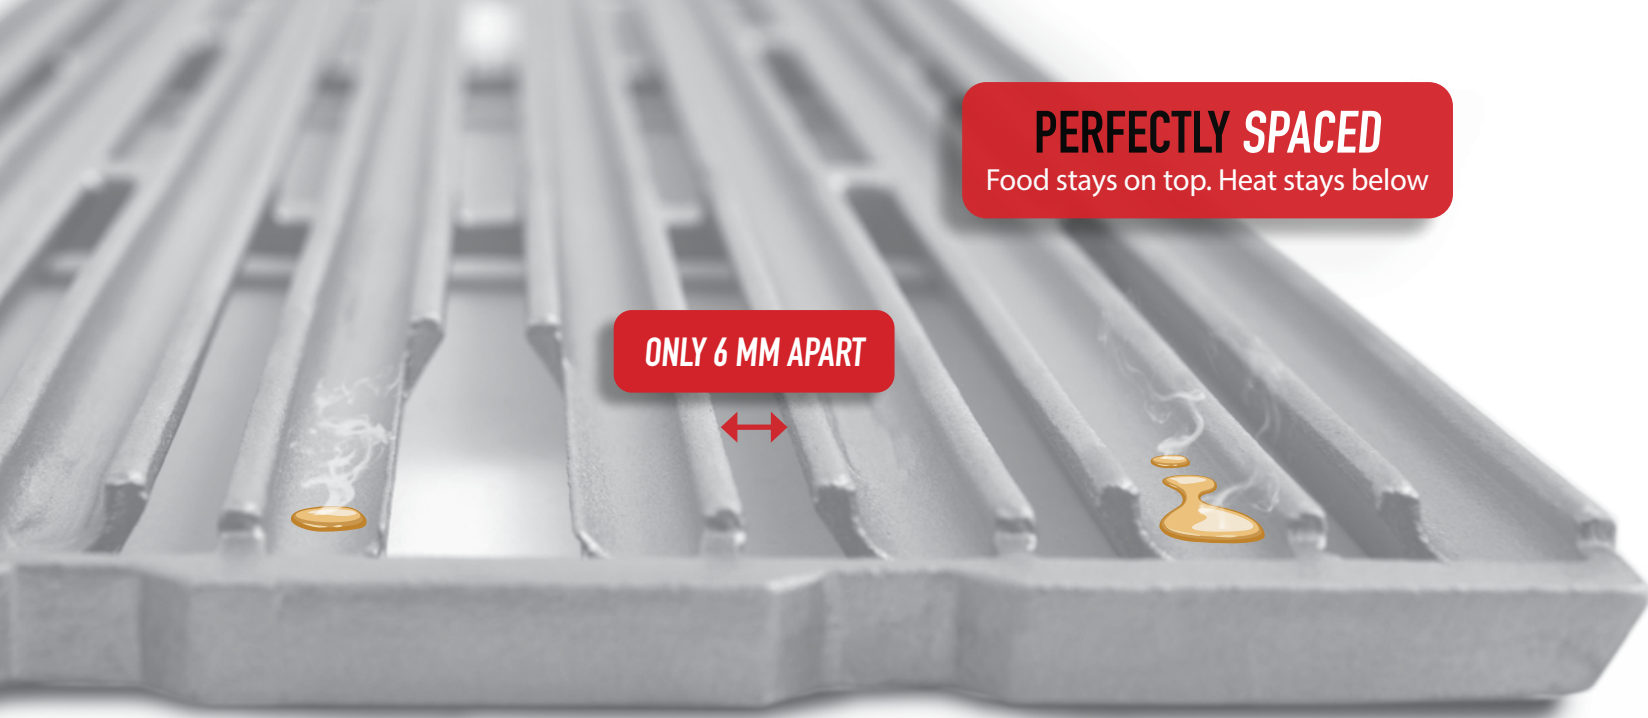

ULTRA-PREMIUM CAST STAINLESS COOKING GRIDS HEAVY DUTY AND REVERSIBLE

You get the convenience of rust-resistant stainless steel with our renowned Flav-R-Cast™ cast stainless grid design. Standard on the Imperial™ series, series, these premium cooking grids deliver excellent heat retention and exceptional searing power, vaporizing food juices to create unbeatable barbecue flavour. These heavy cast stainless grids have two sides: one side is pointed for those perfect steakhouse sear marks while the other side has grooves for retention and exceptional flavour.

PERFECTLY SPACED
Food stays on top. Heat stays below

ONLY 6 MM APART

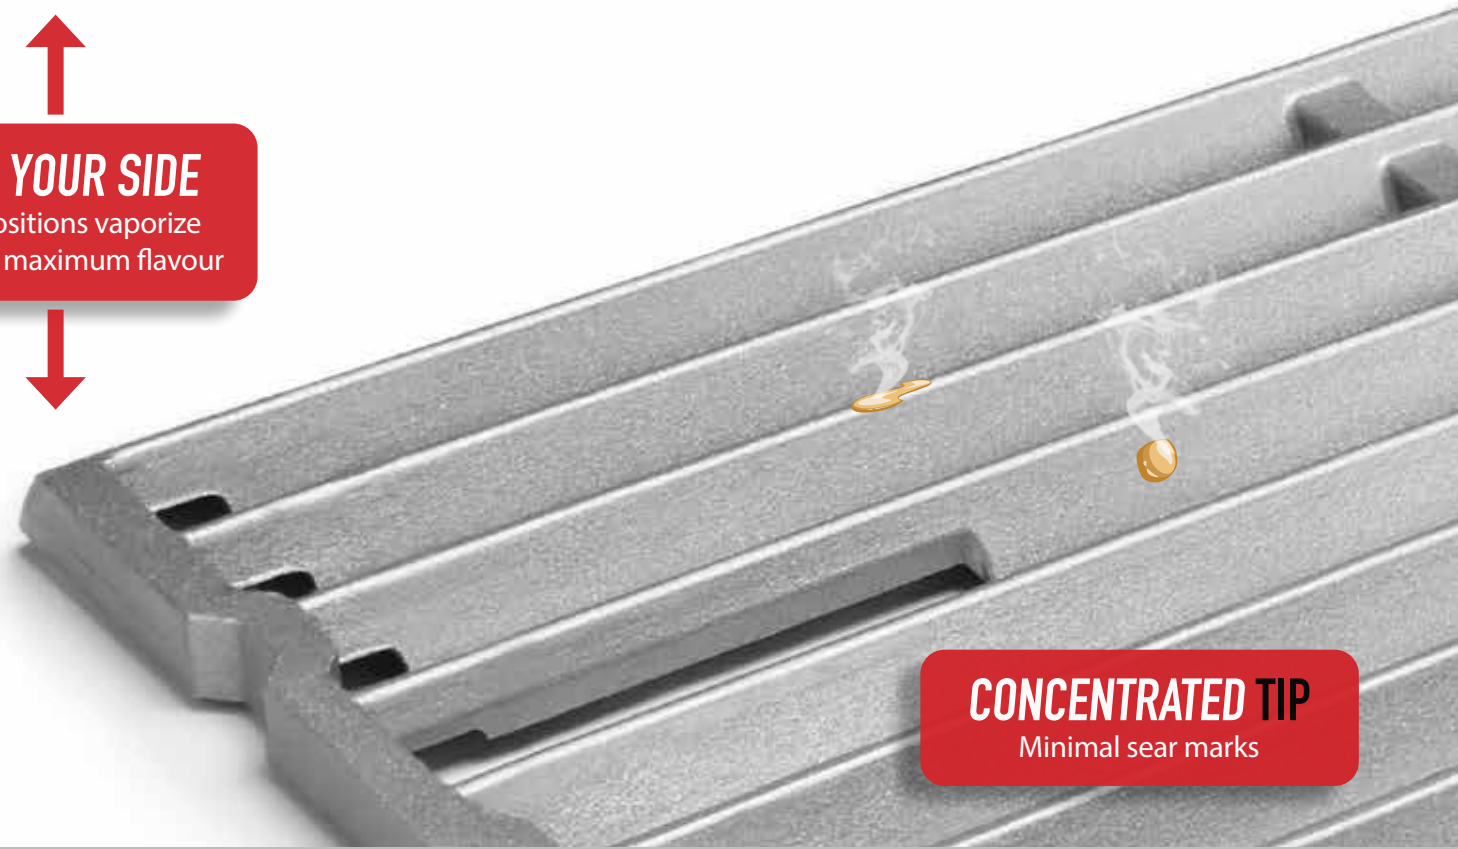

GROOVED SIDE
Bastes in flavour

PICK YOUR SIDE
Both positions vaporize
juices for maximum flavour

POINTED SIDE
Steakhouse sear marks

CONCENTRATED TIP
Minimal sear marks

FLAV-R-CAST™ CAST IRON COOKING GRIDS PERFECT STEAKHOUSE SEAR MARKS

As a signature component of the Broil King® grilling system, the Flav-R-Cast™ cast iron cooking grids get hot and stay hot for exceptional searing power and vaporization of juices. The heavy Flav-R-Cast™ iron grids have two sides: one side is pointed for those perfect steakhouse sear marks, while the other side has grooves for continuous basting. Whichever side you choose, our grids are designed to vaporize juices for ultimate flavour.

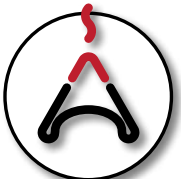

PERFECTLY SPACED
Food stays on top. Heat stays below

PICK YOUR SIDE
Both positions vaporize
juices for maximum flavour

GROOVED SIDE
Bastes in flavour

POINTED SIDE
Steakhouse sear marks

CONCENTRATED TIP
Minimal sear marks

FLAV-R-WAVE™ COOKING SYSTEM INCREDIBLE FLAVOUR

The stainless steel Flav-R-Wave™ cooking system covers the full cookbox, providing superior heat distribution across the entire surface of the grill while protecting the burners. Drippings that fall onto the Flav-R-Wave™ are instantly vapourized. Vapour created through this process infuses into your food for unmistakable barbecue flavour.

GREAT BARBECUE FLAVOUR

Vapourized juices infuse into your food

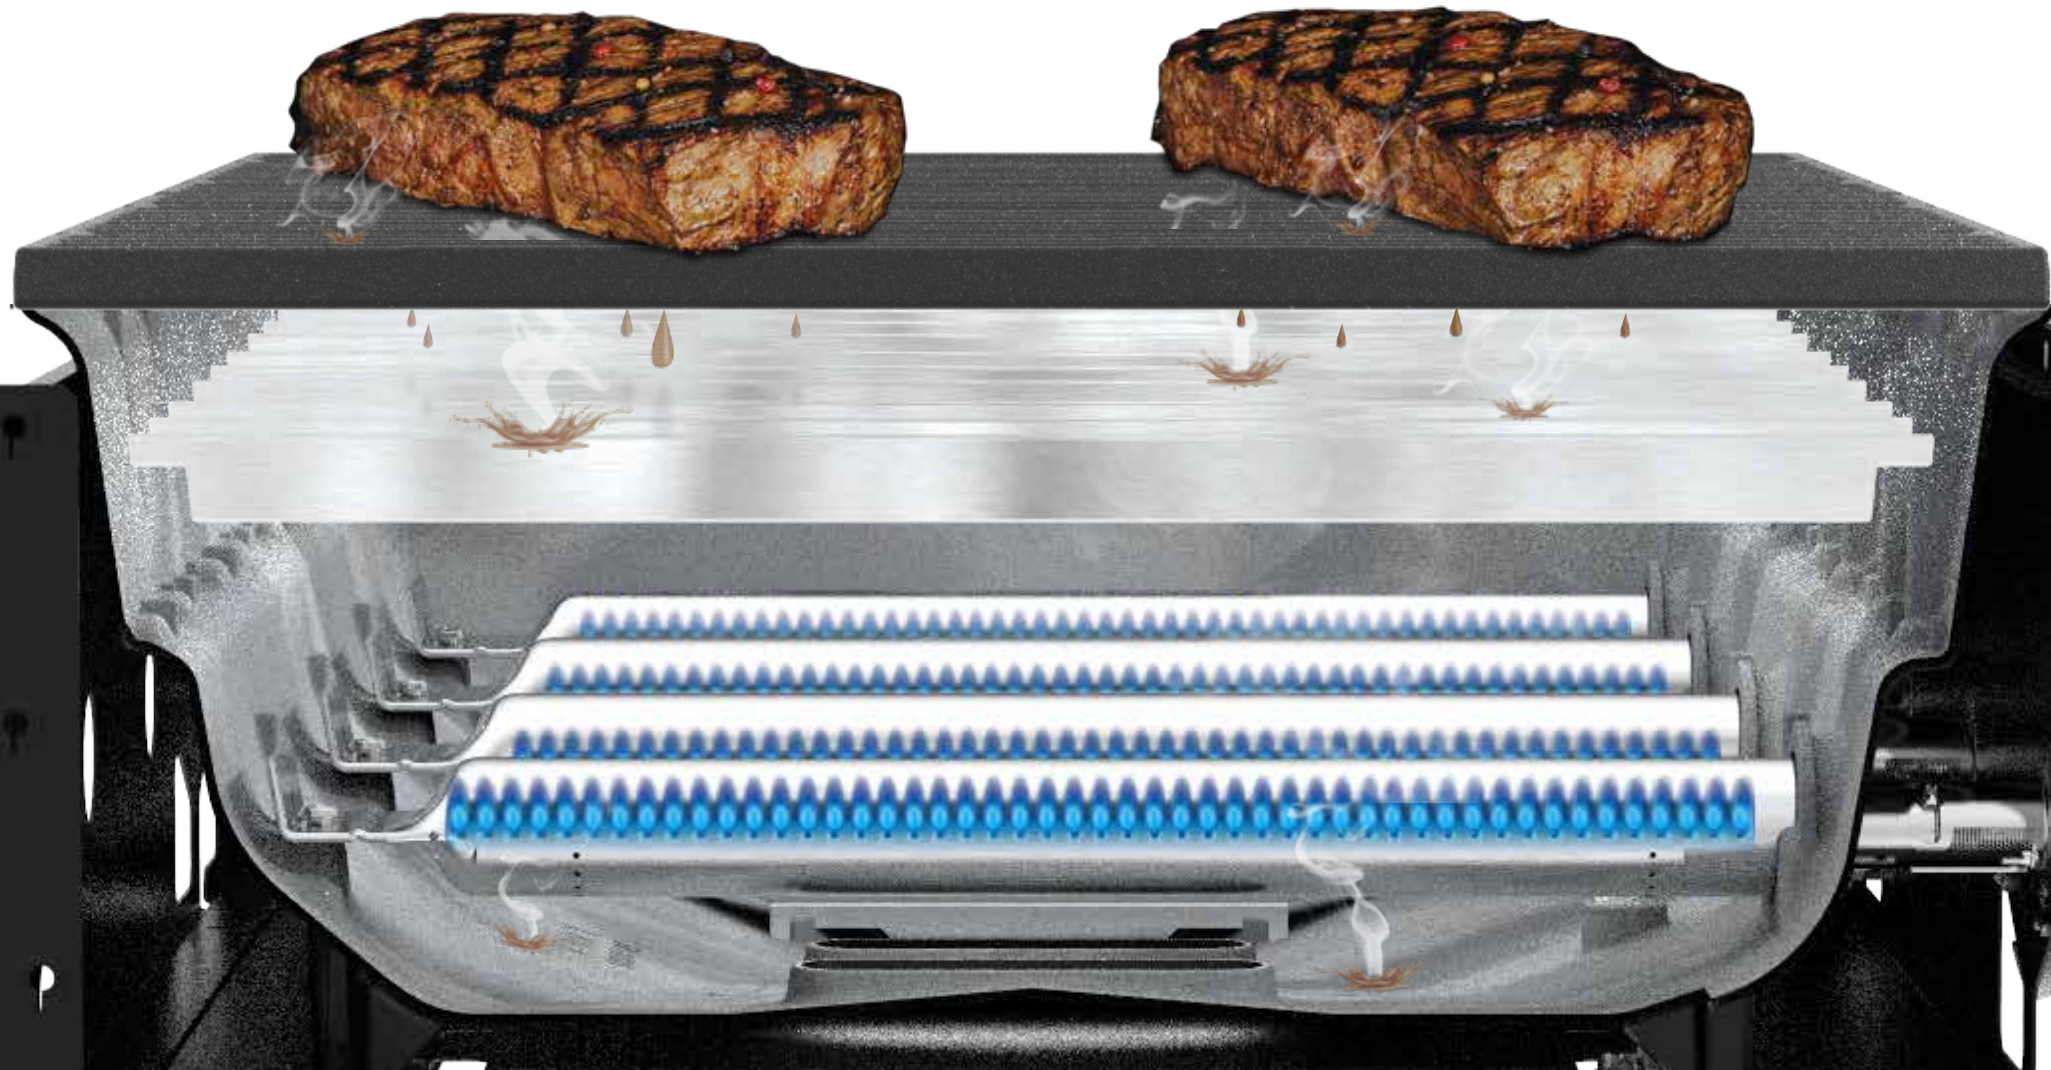

EVEN HEAT DISTRIBUTION

Covers the entire cook box area

MATERIAL MATTERS

1 cm spacing allows for convection heat, while maximizing vaporization

PATENTED DUAL-TUBE™ BURNERS TWICE THE FLAME FOR TWICE THE PERFORMANCE

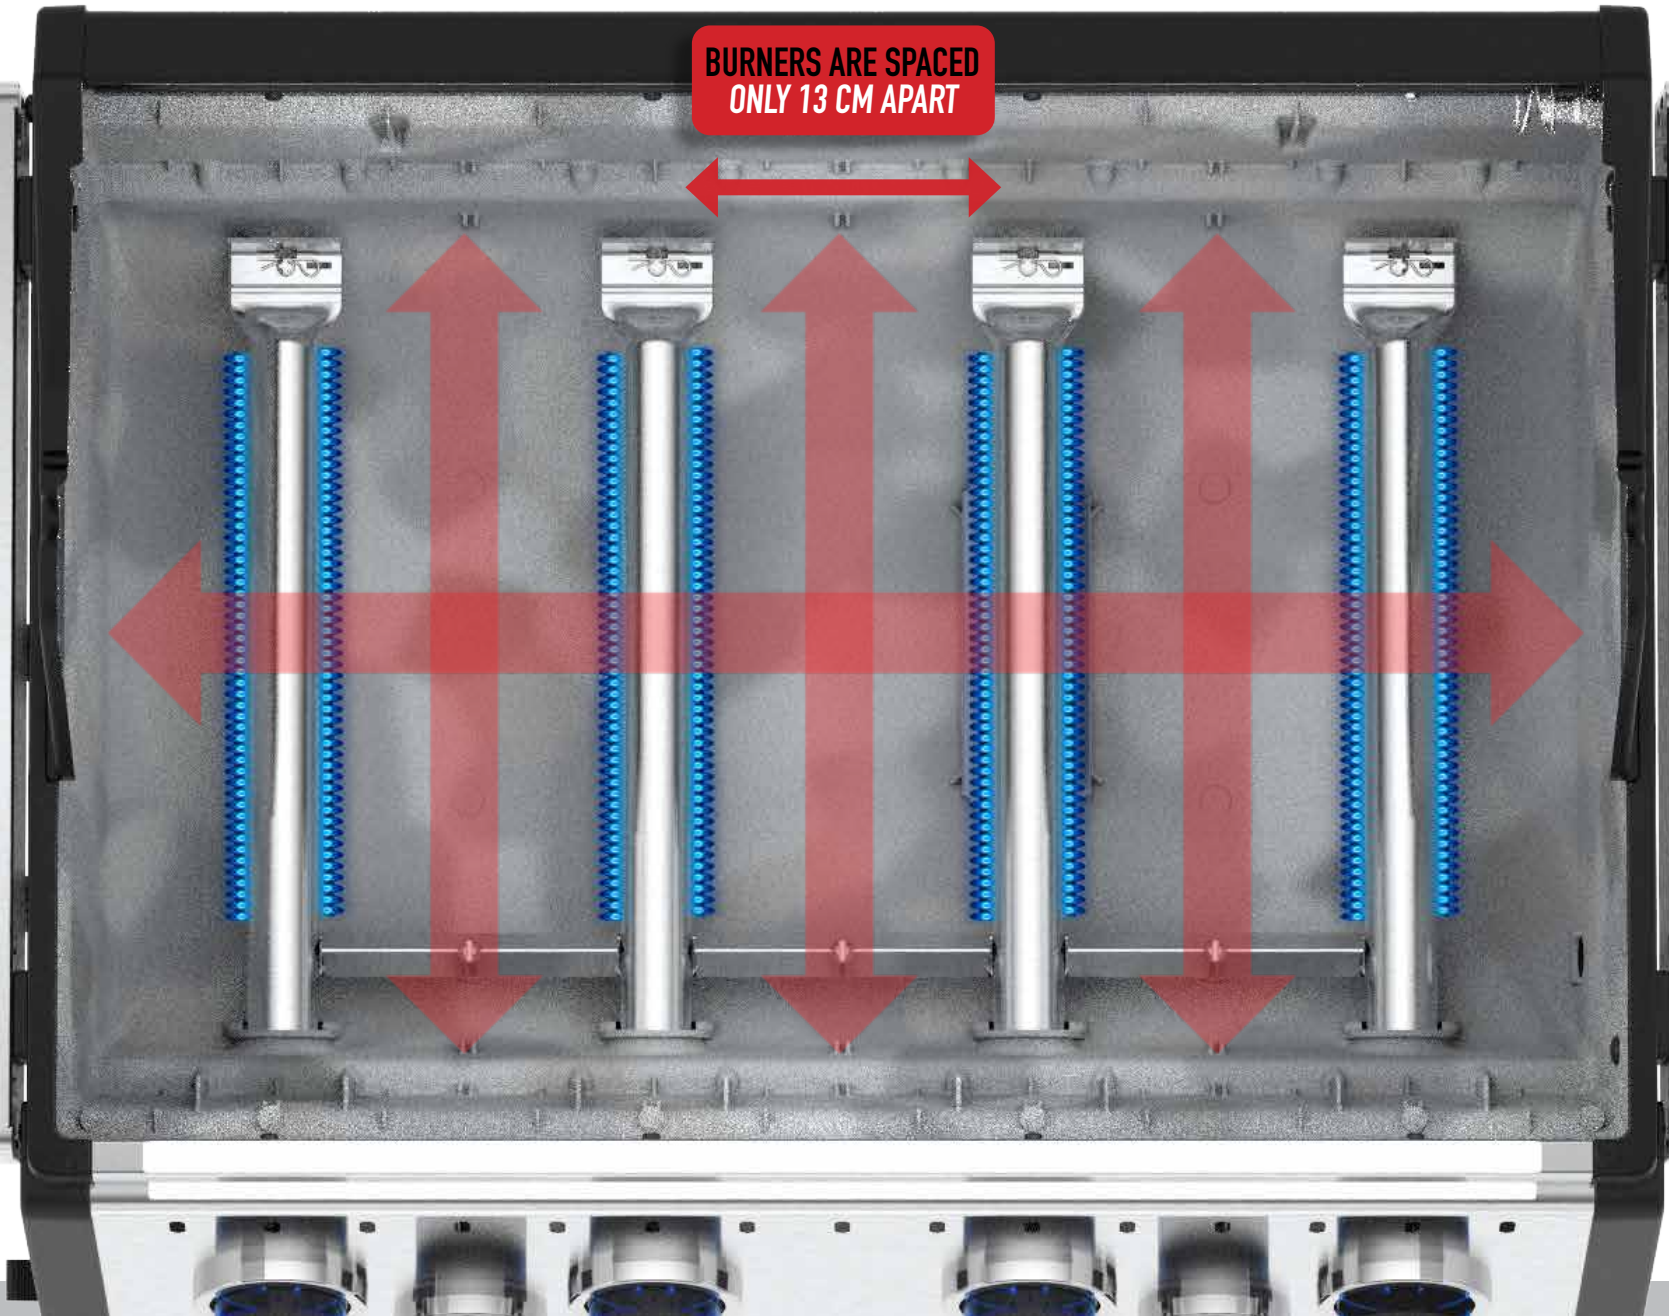

Broil King's patented Dual-Tube burners are made from high quality, heavy-duty stainless steel. Closely spaced, and two ribbons of flame per burner ensure even side-to-side heat. The tube within a tube provides a perfect fuel-to-air ratio so the flame is always even front-to-back.

**2 ROWS OF FLAME PER BURNER
MORE BURNERS, MORE FLAME, MORE EVEN HEAT**

Even heat. Front to back and side to side

**BURNERS ARE SPACED
ONLY 13 CM APART**

HIGH TO LOW TEMPERATURE CONTROL PERFECT GRILLING RESULTS

Linear-Flow™ valves with 180 degree control knobs give you infinite heat control allowing you to set your grill to the perfect temperature for searing, roasting, or slow cooking.

BETTER FUEL FOR BETTER FLAVOUR.

The perfect barbecue starts with the right kind of fuel. Broil King's Premium Grilling Pellets are specifically designed to work with the Broil King® Pellet series grills. Our pellets are 100% natural and contain only premium wood with no fillers, oil additives, or binding agents. Available in a variety of blends, these premium pellets offer optimal cooking performance and great flavour. Our source woods are mixed before pelletizing, ensuring that each pellet contains the intended blend. This method allows for more repeatable cooking performance with a consistent burn and smoke flavour.

SMOKE MASTER'S BLEND Maple | Hickory | Cherry – A selection of pellets popular with competition BBQ champions. This blend offers hints of sweetness combined with a full bodied hickory smoke. Adds a well-balanced smoke taste to grilled foods. Try with beef, poultry and pork.

ITEM # 63930

GRILLER'S SELECT BLEND Maple | Oak | Cherry – This pellet blend offers a lighter and slightly sweet smoke, designed to not over-power natural flavours. A great choice as an everyday grilling pellet. Try with beef, poultry, pork, fish, vegetables and pizza.

ITEM # 63939

HICKORY The most iconic BBQ flavour. Hickory offers a strong smoke taste, often associated with bacon or smoked ham. This robust smoke works well with large cuts of meats. Try with beef, poultry, pork and hearty vegetables.

ITEM # 63920

MESQUITE Experience southern smokehouse aroma with spicy and tangy undertones. Mesquite pellets add exceptional flavour to whatever you are throwing on your grill. Try with beef, wild game, lamb and pork.

ITEM # 63921

APPLE This is a great choice for your all your smoking needs. The smoky flavour is mild and fruity with a subtle sweetness. Try with pork, poultry, hearty vegetables and pizza.

ITEM # 63923

Ice cartridges easily clip onto the brush head

High density resin handle with embossed Broil King® logo

Sturdy stainless steel shaft

High density resin brush head

Add a splash of lemon juice to water for a natural degreaser

RENEW MORE LET YOUR GRILL SHINE

Step 1 – Clean and Degrease the Grill | 62381

Grates: Spray product liberally onto surfaces, and allow product to stand 1-2 minutes. Scrub with a grill brush. Rinse clean with water.

All other Surfaces: Spray directly onto soiled surfaces. Wait 1-2 minutes, then wipe away soil and residue with a clean cloth or sponge. Scrubbing may be necessary on heavily encrusted areas. Wipe clean with wet sponge or cloth. To achieve a brilliant shine on stainless steel, use Broil King® Stainless Steel Cleaner & Polish.

Step 2 – Revitalize the Stainless Steel | 62391

Apply product directly to cool grill exterior. Rub with a paper towel, sponge, or soft cloth to clean (Avoid abrasive pads or steel wool). Wipe off excess and buff with a clean paper towel or soft cloth. Use regularly to protect and maintain your grill.

Step 3 – Polish and Protect the Stainless | 62386

Turn nozzle to Spray position and spray lightly on surface to be cleaned. Distribute product evenly over surface with a clean, soft cloth. Wipe away soil and residue in the direction of the surface grain. For heavily soiled areas, repeat as necessary. Buff with a dry cloth for a brilliant, long lasting shine.

KEEP YOUR GRILL LOOKING LIKE NEW WITH BROIL KING® 3-STEP CLEANING SOLUTION
